# Embedding a Matterport digital twin

Q: How do I embed my Matterport Digital Twin on a website?

A: Obtain the share link for the model from your Matterport account and paste it where you want to share the space.

Q: Where do I find the link to share my Matterport model?

A: Log in to my.matterport.com, choose "All Spaces," select a space, click the three dots on the right, choose "Share & Invite," select "Unlisted," and click "Copy Link."

Q: Is there another way to get the share link if I have already selected a Space?

A: Yes, choose the three dots link to the right of the Space Title, and then choose the "Share" tab top right.
