Hitechniques HImark groudmarkers

- Don't waste time searching for that station point - never lose your station points again.
- Your staffman will never put the prism point in the wrong position again - you don't even have to point it out to him, or check his position.
- Visible and stable for years.

Hitechniques Hlmark groudmarkers

- Heavy duty – central steel spike with PVC surround
- High visibility cap for easy location
- Easy installation – no special tools needed, just a hammer
- Hammer connects directly with the steel spike, not the plastic head
- Anchor ribbed for stability and firm grip
- Dimpled push-on cap for positioning the prism pole point
- Write the station name on PVC head with permanent marker
- Use different colour heads for different types of stations
- Selection of different profile heads for various applications
- 3 lengths (3/4/500mm) depending on soil conditions
- Low cost starting at €7, see below for full price list.
- Discount for bulk orders.
